

CHRISTINA KESSMAN

Christina Kessman is an Australian-born triple threat. Her journey in performing arts began while still living in Australia and then continued when she moved to Massachusetts at the age of six, and later to California at thirteen, where her passion for the arts continued to flourish.

Christina earned her BFA in Dance Theater from the American Musical and Dramatic Academy in Los Angeles. During her time there, she refined her skills, explored artistic boundaries, and nurtured her passion for dance. After graduation, she signed with Go2Talent Agency. She has been able to grace the stage in numerous professional regional theater productions with renowned companies such as 3D Theatricals and McCoy Rigby Entertainment. She's also had the opportunity to perform in various awards shows, fashion shows, and other LA dance experiences.

Christina has also made a significant impact as a dance instructor in the OC area, having coached the dance team and elective classes at Crean Lutheran High School, teaching the elective program at Mater Dei, and assisting dance at Anaheim High School.

Beyond the stage and teaching, Christina works in the realm of content creation marketing where she has worked with renowned brands such as Panera Bread, 1-800-Flowers, IPSY, Armani Beauty, and many more.

She continues to channel her creativity and knowledge into teaching and building the Musical Theater department at COPAC in Foothill Ranch. She is beyond thrilled to be a part of the South County Dance family!!
